

Knebworth FC – FA Cup draw 2009/10

All 64 teams involved in the 3rd round of this season's FA cup will be put into individual envelopes. These envelopes will then be sold for £5 each, but kept, under lock and key, in a safe place.

The financials look like this:

64 @ £5 = £320.00

Winning team = £80.00

Losing Team = £40.00

Losing Semi finalists = £20.00 (each)

Therefore, £160.00 is paid out to winning envelope holders, whilst £160.00 goes directly to the club.

Each envelope that is sold is numbered (1-64), the person that purchases the envelope has their name recorded against that number, but does not open the envelope.

On Cup Final day, everyone will be invited to watch the Final in one place (probably the Station pub).

Envelopes will be handed out to those purchasers present, then they may open them (only on Cup Final day).

I, Tim Luxford, will place the teams into the envelopes and number them. I will do this totally randomly – however, if I purchase any envelopes I will let someone else choose it/them.

An example of the draw record sheet is on the next page:

An example of the ticket contained within the envelope can also be found below:
